Committee Gives Nod to Extension of Excise Taxes

WASHINGTON (AP)—The Senate Finance Committee today approved without a change President Eisenhower's House-approved bill to extend present corporation and federal excise tax rates for one year.

The committee rejected a motion by Sen. Paul H. Douglas (D-Ill.) to supplant the tax extension with a six-billion-dollar tax cut proposal. The Douglas proposal would have called for cuts in income, small business, and various excise taxes. Similar proposals by Douglas had been rejected in committee previously.

Chairman Henry F. Byrd (D-Va.) said in advance of the closed-door meeting he expected the committee to approve the bill, probably without any tax-cutting amendments, after hearing testimony from top administration fiscal officials.

There is strong support in the Senate for an amendment to the bill to repeal the 3 per cent excise levy on freight and the 10 per cent tax on passenger travel.

The bill would continue the corporation income tax rate of 52 per cent instead of permitting it to drop to 47 per cent July 1.

It also would continue present rates on some of the most productive excises — those on liquor, beer, wine, cigarettes, passenger cars, and auto parts and accessories.

Arkansas Bride of Five Days Is Killed

SOUTH HAVEN, Mich. (AP) — Eighteen-year-old Barbara Harvey, an Arkansas bride of five days, was killed yesterday when the automobile in which she was riding with her husband was involved in a three-way collision here.

Her husband, Willard, 21, was injured. Police said Harvey's automobile collided with a large truck and a police car.

The young couple had lived in the Dixie Community near Lake City, Ark., but Harvey had been working recently in Michigan. Then Barbara Irwin, Mrs. Harvey graduated from Dixie High School on May 28.

She and Harvey were married in Hernando, Miss., last Saturday. He planned to resume his job in Michigan.

Quick Action on Railway Loans Seen

WASHINGTON (AP) — Quick House action is expected on legislation to authorize 700 million dollars in government-guaranteed loans and other help for the ailing railroads.

The Senate passed the bill by voice vote Wednesday and the House Commerce Committee was called into closed-door session to tackle the measure today.

As passed by the Senate, the bill also would permit the railroads to discontinue unprofitable interstate trains unless the Interstate Commerce Commission determines the carriers are not suffering net losses and overruns them.

The Senate cut out a provision that would have permitted rail, air, barge and truck carriers to set up reserve funds that would be free of income taxes for five years if the funds were invested in new equipment.

On motion of Sen. Richard B. Russell (D-Ga.), the Senate eliminated authority for the ICC to permit discontinuance of trains operating wholly within a single state. In the amended form, the bill would give the ICC authority to permit discontinuance of any train that crosses from one state into another.

Under the bill, the ICC would authorize government and guaranteed loans to the railroads for acquisition or construction of new equipment.

Senate Votes More Power Into Labor Bill

WASHINGTON (AP)—By a vote of 80-0, the Senate wrote into its labor bill today additional powers for the secretary of labor to force union compliance with its terms.

Lack of such powers was one of the criticisms of the bill voted earlier this week by Secretary of Labor Mitchell.

An amendment putting them in was offered by Sen. John S. Cooper (R-Ky.), and was accepted by Sen. John F. Kennedy (D-Mass.), chief sponsor of the measure.

The amendment would give the secretary subpoena powers to compel testimony of witnesses and the production of books and records in enforcing sections dealing with union elections, trusteeships, and financial reporting by unions, union officers and employers.

Kennedy also agreed to accept amendments by Cooper concerned with exempting small unions from the financial reporting requirements and with making financial reports available to rank-and-file union members.

The measure is designed to curb union abuses and also give organized labor some of the things it wants.

Soil Bank Fee To Be Increased By Government

WASHINGTON (AP)—In a move to encourage retirement of more farm land, the Agriculture Department is boosting by 35 per cent the fees it will pay next year to farmers participating in the soil bank's conservation reserve.

The department announced late yesterday that rental fees offered under the conservation reserve will average \$13.50 an acre nationally next year compared with \$10 this year.

Officials hope this increase will encourage farmers to sign contracts to idle 12 1/2 million acres of crop land for periods of 3, 5 or 10 years. This would be in addition to the 10,400,000 acres retired under the program in 1957 and 1958.

Congress has authorized the department to spend up to 375 million dollars on this program in 1959. About 100 million dollars of this will be needed to pay rent on land already retired.

Officials said they hope that by

Murder Suicide Rules in Deaths

RUSSELLVILLE, Ark. (AP)—A dentist, recently returned from military service, shot and killed his wife and then himself here yesterday, officials reported.

The victims were Dr. Wade Sorrels, 45, and Mrs. Sorrels, 42.

Dr. Brooks Tector, the deputy coroner, said that Dr. Sorrels shot his wife with a shotgun as she was washing dishes in the kitchen of their home and then went into the living room and shot himself.

Sheriff Terrell Bishop said that the couple's 17-year-old son, James, was at the home at the time and summoned an ambulance. Both Dr. and Mrs. Sorrels were dead when the ambulance arrived.

An ambulance driver said three younger sons were waiting in the yard when he arrived. The fifth and oldest son, William, 22, reportedly was in Chicago.

Dr. Sorrels returned to Russellville early this year after a tour of military service.

Officials said they could give no reason for the slayings.

Kansas Girl Wins Nat'l Spelling Bee

WASHINGTON (AP) — Jolita Schlehuber of Topeka, Kan., today won the national spelling bee by correctly spelling 'syllepsis.'

Jolita defeated Terry Madera, 13, Ellabtown, Pa., who stumbled on the word 'propylaeum.'

She misspelled it 'propilaeum.'

Under the rules of the bee, Jolita first had to spell correctly 'propylaeum' and then go on and correctly spell another word, which she did. Had she failed Terry would have been given another chance.

The word which won Jolita \$1,000 in cash, a trophy cup and \$100 for a weekend visit to New York City was defined as an adjective which goes before another word and agrees with that word in number.

Both Jolita and Terry went to the final spelling bee after getting a new chance at a word when judges decided there was misunderstanding in connection with pronunciation of their word.

Jolita was in the national bee last year when she placed fourth. This is the first national bee for Terry.

The contest ended in the 26th round. It started Wednesday morning.

Terry won \$500 for her second-place finish. Stanley A. Schmidt, 13, Cincinnati, won the third prize of \$250.

The next five prizes were \$100 each, and the next 10 prizes were \$50 each. The other 50 finalists, who made up the original field of 68, each won \$25. All contestants were presented gold medals.

Stanley Schmidt lost out in the 26th round on the word 'epanthesis.' He slipped in an unneeded 'o' in the last syllable.

Oklahoman Electrocuted In Copper Mine

MULDROW, Okla. (AP) — One man was electrocuted and another burned seriously when a copper pipe they were pulling from a farm well touched a high-voltage power line near here yesterday.

John Howell, about 50, of near Muldrow, died instantly. His helper, Wayne Woodward, 35, of near Muldrow, was knocked unconscious and was hospitalized at nearby Fort Smith, Ark.

A third man, standing on top of the well house and holding the pipe, was hurled to the ground but was uninjured.

He was Herman Edwards, 19-year-old nephew of Isom Edwards, owner of the farm.

The younger Edwards and his uncle dashed into the 10-by-10 foot concrete block structure which was filled with sparks and flames and dragged out Howell and Woodward.

The high tension line was on a road some distance from the well house. Howell, Woodward and Herman Edwards had pulled most of the 1 1/2-inch copper pipe from the 28-foot well when the fire and sparks against the 7,500-volt line.

Sequoia County Sheriff E. W. Floyd and County Prosecutor Fred Campbell answered Isom Edwards' telephone call for help. But on the way to the farm, the car in which they were riding skidded off a gravel road and smashed into a culvert.

Two ambulances had been dispatched to the scene. One picked up Woodward and the other picked up Edwards and Campbell. All were taken to Fort Smith's St. Edmond Hospital.

Wants High Point Fully Determined

LITTLE ROCK (AP)—State Sen. Roy Riales of Mena wants it determined once and for all whether Mt. Magazine in Logan County is the highest point between the Appalachians and the Rockies.

He said yesterday he doesn't believe it is. He suggested that state and federal agencies make surveys to settle the matter.

Riales said Rich Mountain in northwest Polk County should be rated the highest. It is 100 feet higher than Mt. Magazine's 2,380 feet, he declared.

Auto Workers Conducting Strike Vote

By CHARLES C. CAIN

DETROIT (AP) — The United Auto Workers' Union, which has insisted it does not want an auto strike, disclosed today that it is conducting a strike vote among 100,000 Ford Motor Co. production employees.

The announcement by Ken Bannan, national director of the UAW Ford department, came less than 48 hours after two Chrysler plants in the Detroit area asked permission of the International UAW to hold a similar vote.

It also was learned that seven General Motors locals have voted to authorize a strike and that at least 13 other GM locals have set dates for such votes.

Bannon emphasized that "there is no immediate threat of a strike at Ford. We are just setting up the machinery in case we need it."

He said two locals have reported results, both overwhelmingly approving strike action. If necessary, "there were Local 551 at Chicago, which voted 1,415 to 6 and Local 325 at St. Louis which voted 1,180 to 50."

At Chrysler, UAW President Walter Reuther assumed personal command of the union bargaining team.

UN Observers Have Moved Into Lebanon

By TOM MASTERSON

BEIRUT, Lebanon (AP) — The first contingent of U.N. observers moved into Lebanon today less than 24 hours after the Security Council ordered a border watch to keep out what Lebanon calls intruders from President Nasser's United Arab Republic.

The first group of five officers—a New Zealander, two Swedes and two Italians—drove from Beirut into south Lebanon and then headed for Beirut.

The officers are from the U.N. Truce Group in Palestine.

Reflecting the urgent view the Council took of the Lebanese situation, Secretary General Dag Hammarskjöld ordered them to Lebanon immediately to serve until he can recruit a separate organization from U.N. members.

The Security Council authorized the watchdog team in answer to a Lebanese complaint that the U.A.R. is sending arms and men to rebels seeking to overthrow President Camille Chamoun's pro-Western government. The U.A.R. denied the charge.

Trainer Plane Hits House, 3 Are Killed

PONCA CITY, Okla. (AP) — A training Air Force jet training plane hurtled out of a rainstorm into an isolated farm home near here Wednesday night, killing an Air Force instructor and his pupil, and a woman resident of the house.

The dead were identified as Mrs. Cora Hayman, 68, and Lieut. Robert E. Irons, and Lieut. Chris Pauls, both stationed at Vance Air Force Base at Enid, Okla. Irons was an instructor and Pauls a student.

Authorities at the scene, five miles northeast of Ponca City, said Mrs. Hayman's body was thrown from the house by the explosion following the crash.

Chapman is stationed in Germany. Officials at Turner Air Force Base at once began arrangements to fly him home.

Cause of the fire was undetermined.

Grandmother Gets Custody of Small Child

LITTLE ROCK — Custody of 5-year-old Marilyn Sue Henry was awarded to her paternal grandmother yesterday after an all-day court hearing.

But the decision of Judge Guy Williams could be just another link in a long legal struggle over the child by her mother, Mrs. Herbert E. Martin of Dallas, Tex., and the child's grandmother, Mrs. Bertha Huddleston of North Little Rock.

The Pulaski Chancery Court decision "can be appealed to the Arkansas Supreme Court."

The child has been a center of controversy since Mrs. Martin's divorce from Marilyn's father, James Bradley Henry, in 1953.

Mrs. Huddleston testified that she has had custody of her son's child almost constantly since her birth Mrs. Martin contested that, contending she had custody of Marilyn for 3½ years until "my little girl was stolen from Cedar Home."

Cedar Home is a boarding home in Lincoln, Neb., where the Martins placed Marilyn pending outcome of custody proceedings in Nebraska courts.

Mrs. Martin's remark that Marilyn was stolen from the home was

Soil Bank Fee

Continued from page one

1960 at least 30 million acres—or about 8 per cent of the acreage now put to crops—will be retired to help lessen overproduction.

In addition to rental fees, the department offers payments that cover a substantial part of the cost of establishing approved conservation practices on the land.

Next year will see the abandonment of the acreage reserve part of the soil bank. The department will pay farmers nearly 700 million dollars under the acreage reserve this year to underplant adjustments of such surplus crops as cotton, corn, wheat, rice and tobacco.

Under the conservation reserve, rental rates will vary by states, counties and individual farms on the basis of productivity of the land, its commercial rental value and sales value.

Tentative average state rates vary from a top of \$20 an acre in Connecticut to a low of \$8 in Colorado, New Mexico and Wyoming.

Farmers who retire their full farms will be eligible for 10 per cent rental premiums.

Passport Ring Is Broken Up

WASHINGTON (AP)—The government reported today an international ring engaged in altering and selling U.S. passports has been uncovered and presumably smashed.

The ring was based on Palermo, Italy, but operated in other cities. The State Department said that eight persons have been arrested in the United States and three persons abroad in connection with the investigation.

The ring operated by stealing U.S. passports or otherwise collecting them in cities which specifically included Milan, Rome, Naples and Massena.

Port Tobacco, Md., was really named for Indian Queen Potopoca. But, it sounded like Port Tobacco to early white settlers.

in reference to charges by Nebraska authorities that Henry and Mrs. Huddleston forcibly took the child from the home and brought her to Arkansas.

Arkansas authorities have refused to honor extradition requests from Nebraska on the contention that Mr. and Mrs. Martin took the child from Arkansas to Nebraska in violation of a court order.

Vivian Blaine Feels the Stars Themselves Took All Glamor Out of the Show Business

By HAL BOYLE

NEW YORK (AP)—Who took the glamor out of show business? "The stars themselves," said Vivian Blaine firmly.

"They did it by letting down the bars of their privacy and inviting the world into their homes. Of course, a star has to have a home life, or his existence is pretty vacuous."

"But I doubt that show business has been enhanced by allowing the public to come behind the scenes and see what makes a star tick in every aspect of his life."

"What show business needs is a little more mystery."

Miss Blaine, who provides some of the more uproarious laughs in the hit Broadway musical, "Say Darling," also thinks many stars are getting entirely too folksy in their attire.

"Movie stars, male or female, make a big mistake in going around sloppily dressed," she remarked, "the fans look at them and ask, 'This is glamor?'"

"I don't say you have to be glittering all the time, but you certainly should be neat and well-groomed."

"Viv" feels the American housewife, as well as stars of stage, screen and television, could do with a bit more styling up.

"Women should dress up more—even if the only one who sees them during the day is the grocer," she said. "There is such a thing as self-respect and self-discipline."

"You can't let yourself go. If

you let one thing go everything can go."

Everyone, she believes, does well to create at least some aura of mystery, and to retain some area of personal privacy.

"Show business today has become everybody's business," continued the sprightly blonde singer, frowning. "While fans are flattered to think they are in the real know, they also miss something—the chance to idolize and realize. If there is no mystery left, there is nothing to idealize."

How can the old glamor of the entertainment world be restored?

"I doubt if much can be done now," said Vivian frankly. "It would be a long and subtle process."

"You can't do it any more by having a star hide behind a veil. That would only make Mr. and Mrs. American Public break out laughing."

"They have tried to bring back the glamor bit, as in the case of Marilyn Monroe. But how? I'll let the bust, waist and hip measurements of Greta Garbo and Dolores Negri weren't widely published. Their glamor was based on a sense of mystery."

Confederate soldiers worked several land mines near Bull Mountain, Marion county, shipping the land mines from the White and Mississippi rivers to New Orleans to be moulded into rifle balls.

Conway Office Manager Dies

CONWAY, Ark. (AP)—Ralph E. Cochran, who set the first gas meter in Conway in 1928 and headed the Arkansas Louisiana Gas Co. office here since, died last night following a heart attack.

He had been afflicted with virtually every project for civic betterment.

He is survived by his widow, the former Orene Brown of Pine Bluff, and a sister Mrs. A. R. Davidson of Hot Springs.

Funeral services will be conducted at St. Joseph's Catholic Church at 9 a.m. Friday.

Cites Need for School Leadership

SEARCY, Ark. (AP)—An educator told the North Arkansas Methodist Conference today that the need for leadership in schools is one of the most crucial issues of our time.

Dr. Marshall T. Steel president of Hendrix College at Conway, told the meeting "it seems that when the Russians fired the Sputnik into outer space, they thrust the educational institutions of America on to the front pages of the newspapers."

He said the Methodist Church had launched a 4-year program of emphasis on higher education in America some two years before the Sputniks pointed up the need for more intensive technological training.

But, he added, "the Methodist Church is facing a frightful shortage of leadership. We need 1,200 more preachers annually than we are currently producing."

Yesterday, the conference laid plans for a stepped-up evangelistic campaign during the 1959 Lenin season.

GOP Leaders May Snag Trade Bill

WASHINGTON (AP)—President Eisenhower's House-passed reciprocal trade agreements program hit a snag in the Senate Republican leadership today.

In the face of a lopsided 317-98 House vote Wednesday to continue presidential control over tariffs for five years, Sen. William F. Knowland (R-Calif.) announced he will back a move to reduce the extension to three years. The House rejected a two-year limit.

The bill would give Eisenhower authority to reduce US tariffs on imports as much as 25 per cent over the five-year period in return for similar concessions by other countries on US exports.

Senate Democratic Leader Lyndon B. Johnson of Texas, traditionally a supporter of the trade program, said the House bill will be given top priority in the Senate.

Margaret Wilson, an 18-year-old girl who opposed King James VII of Scotland for his religious persecutions in 1685, was executed by being tied to a stake in a rising tide until the waters drowned her.

It's the balance of ingredients in baking powder that governs its leavening action. Only when these are scientifically balanced can you be sure of uniform action in the mixing bowl plus that final, balanced rise to light and fluffy texture in the oven.

Tim Tam's Racing Days Are Over

NEW YORK (AP)—Tim Tam's racing days are over, trainer Jimmy Jones said today. The Calumet Farm 3-year-old star will be sent to the University of Pennsylvania for an operation on his injured ankle. The decision was made after Jones conferred with Dr. William O. Reed, his veterinarian at Belmont Park.

"I have no hopes he'll ever race again," Jones said of the colt who won the Kentucky Derby and the Preakness. Tim Tam missed the so-called triple crown when he broke a sesamoid bone in the Belmont Stakes last Saturday and finished second.

from their solid gains of Wednesday as Wall Streeters commented that aid to the industry voted by the Senate fell short of what the carriers say they need.

Coppers also backed away from their recent advance on the administration's stockpile proposal and the higher prices for the red metal.

Both the domestic and international oils moved forward. Opinion was that the inventory situation was being adjusted. Midwest refiners have upped gasoline prices.

Steels, aircrafts, some chemicals and tobaccos did better than they did early in the session. The market opened higher but soon turned sluggish and irregular. Turnover increased as prices firmed.

Gulf Oil and Texas Co. rose a point or better.

Kennecott and Anaconda dropped fractions.

Lonlark dropped more than a point in apparent profit taking. U.S. Tobacco advanced a point or so.

Boeing was up about a point. U.S. government bonds advanced narrowly.

Girl Involved In Integration Fuss Released

LITTLE ROCK, Ar. (AP)—A white youth who admitted spilling ink on a Negro girl's face at the Central High School baccalaureate last month was found innocent today of disturbing the peace.

Municipal Judge Robert Laster said that the act of Curtis E. Stover, 18, did not technically constitute a peace disturbance.

"This boy is not to blame," Laster said. President Eisenhower is a fault.

The judge apparently referred to the use of federal troops to enforce court-ordered integration at Central High.

Thelma Jean Johnson, a Negro girl of nearby Scott, testified that Stover spit in her face for no apparent reason outside the stadium after the religious service.

Stover admitted the incident to Laster but did not say why he did it.

More than 200 federalized National Guardsmen and police were patrolling the school area at the time Stover was arrested.

Ernest Green, 16, one of the eight Negroes then enrolled at Central, became the first Negro in history to participate in the baccalaureate. Two days later he became the first Negro to graduate from the school.

Chief of Police Eugene Smith testified that Stover used profane language to arresting officers. Smith said the boy was charged with disturbing the peace after he refused to make a statement and after an incident involving the Stover family occurred at police headquarters.

Laster, noting that Stover will enter the Army tomorrow, said a conviction might hamper the youth's chances of promotion or getting a job afterward.

Laster told Stover's mother, who is a member of the pro-segregationist Mothers' League of Central High, that "I know a group like yours would try to take advantage of every situation."

DOROTHY DIX

Self-Pity Prompts Emphasis on Grief

Dear Dorothy Dix: My mother-in-law and I have always been the best of friends and I wouldn't hurt her for the world. The present situation has me baffled and

worried to the point where I'm afraid I'm going to say something I'll regret. My father-in-law died recently, leaving his wife financially able to care for her three teenage children. Husband and wife were a very devoted couple and I'm perfectly well aware that his loss was a terrible blow. She writes my husband several long letters a week going over and over her grief, and he is becoming a nervous wreck because of them. He loves his mother dearly, but there's absolutely nothing he can do for her except write, which he does regularly. When she visits us, she gives me a minute-by-minute account of all her pain and sorrow, details her sleepless nights and talks constantly about the fullness of life and living. My husband, who was already broken up over his father's death, is losing sleep and weight. Can I help the situation in any way? — Lynne

Dear Lynne: Your mother-in-law is morbidly dramatizing her grief for the benefit of her son who is a most responsive audience. No consideration for his sufferings or for the effect her letters have on both of you is going to stop her. Sorrow is the most self-centered of all emotions. Try to make your husband believe the truth that women don't mean half the things they write in letters. Get into

the act yourself with pleasant notes to your mother-in-law reminding her of the advice she should take in her children at home, and of the things she owes to them. By substituting a desire to sacrifice for the living you may ease her martyrdom of sorrow.

Dear Dorothy Dix: My husband and I have lived with Daddy ever since Mother died seven years ago. We'd be much happier in a home of our own but every time we mention it, Daddy acts as if we were committing an awful crime. He could marry, too, if he would only break away from us. He has a very fine lady friend who would say yes at the drop of a proposal. — Naomi

Dear Naomi: For his own good, turn Dad out on his own. He's too young a man to depend on his children for affection. Probably your mother babied him; now he expects you to continue the job. Since he's perfectly capable of making a life of his own, let him have a try at it.

Dear Dorothy Dix: I love to dance and my boy friend simply cannot learn. He's tried but still has two left feet. I like him a lot and don't want to hurt him, but if I continue going with him I'll miss a lot of fun. — KATE

Dear Kate: The arts of the Lindy and Cha Cha must forever remain a mystery to some people. Obviously, someone who loves to dance will have a tough time adjusting to someone who can't move his feet to the count of three. A switch

in boy friends is recommended.

Dear Dorothy Dix: Two years ago I met Larry and we became great friends. He comes to my house almost every day, we date occasionally, but he baffles me. He has never mentioned having me meet his parents. He says he'll like attention to me at social affairs, but wanders around making conversation with everyone else. He's all charm when we're alone, but quite indifferent in public. How come? — Jeanne

Dear Jeanne: Larry likes you only to an extent. He wants to make very sure that you never have reason to pin him down to anything permanent such as getting steady, an engagement, or (horror!) marriage. If you can accept him as a friend, well and good; otherwise, no dice.

CHAPTER 34
I told Luis I wanted to go for a long drive in the country. He headed out of the city and onto the highway. He kept asking if I didn't want to go up into the hills, but I told him to stay on the highway.

"We can't stay on this highway much longer, Don Milto," he said about an hour later. "It ends here."

I looked and saw he was right. Beyond it there were a number of concrete posts and beyond them there were a number of barrackslike buildings.

"What's that over there?" I asked. I was pretty sure I knew the answer; at least, I'd planned it for what I thought was the answer.

"Halt," he said. "That's where I want to go."

He stopped at the end of the highway and I got out and walked up to the concrete posts that marked the boundary. I yelled toward the barracks and after a while a young officer came out.

I told him who I was. I showed him my passport and my reserve commission in the Army. And I told him that I wanted to cross into his country and make several phone calls to America for which I would, of course, pay.

"But why?" he asked. I grinned at him. "I've discovered that people in the Mexican Republic have the habit of listening in on phone conversations. I like to talk privately."

"I will ask the commandant," he was gone several minutes and then he came back.

"He says that it is highly irregular, but since you are an American Army officer, he will consent to it."

First I put through a call to a

certain building in Washington, D.C. Gen. Sam Roberts was the of the three men who headed up the Central Intelligence Agency. I had been recalled by the Army several times and assigned to C.I.A.

"March," he said when he came on the phone, "what the world are you doing in Haiti?"

"Calling you, sir," I said. "Oh," he said. "Working?"

"Generalissimo's youngest son is in a military school somewhere in the United States," I said. "Would you know where?"

"I don't know," he said. "I'd like to ask a favor of you, sir," I said.

"What's the favor?" he asked. "The mention of a favor made him sound more brass than usual."

"Get the commandant of Westlake to phone the Generalissimo tomorrow morning at exactly 20 minutes past 10 and talk to him about the son's progress."

"Why do you want that? No, better not tell me," he added hastily. "Knowing you, I'm sure if you told me I'd have to refuse. It's highly irregular, but I guess perhaps I can do it. Unofficially. I went to West Point with the commandant. But you'll come to Washington and give me a full report when you return?"

"Yes, sir."

I hung up, waited a couple of minutes and put in a call to Lt. Johnny Rockland.

"Hi, Johnny," I said when he came on. "What's new?"

"You called to ask me?" he said. "How are you doing?"

"I don't know," I said. "I haven't got the score card yet. But if all goes well I'll be back in New York tomorrow night. Stick around in your office until I phone you. I should get into Idlewild about seven."

"What's the pitch?"

"I'll tell you when I phone," I said. "Just stand by." I told him about Cuba, Ramon, asked him to call Miami, and I hung up. I went out and found the officer. He checked with the operator on the cost of the three calls and I paid him.

I stopped at the hotel and filled up the hypodermic again and went up to the shack to give Carnicero his shot. Then back to the hotel. I told Luis to go home and get to sleep, but to be back at the hotel an hour before daylight the following morning.

Luis was prompt, although he didn't look happy about it. We went down to the car and I told him to drive to the shack.

"There's just one thing, Luis," I said as he started. "If you don't like what's going to happen, you can turn the car over to me. I'm going to move the cargo from the shack."

"I'll drive you," he said. "Where do we go?"

"You know where Perrola keeps his plane?"

"He needed."

"Do you know if he keeps guards around it?"

"No guards," he said. "Who would bother something that belongs to Perrola? Besides, I think he keeps it locked up."

"Good."

He glanced at me. "You know, Don Milto, last night I went to report to Carnicero as usual and he was not in his office. He had not been all day."

Perrola's plane was a converted B-26. Looking inside, I could see that it had been made pretty luxurious. I walked around, checking it. Back in the tail, they had walled off a luggage section. The entrance to it was in the belly. That was locked, too. I picked it and looked inside. It was good and roomy.

I went back out to the car and carried Carnicero inside. I inserted him up through the door into the luggage compartment. I looked around the hanger until I found some wire. I climbed up into the compartment and lashed Carnicero to one side so he would not roll around.

Risks Life for Nickel, Gives It Up

MIAMI, Fla. (AP)—A boy who took a nickel from an alligator pit at the risk of his life has returned the money.

The unidentified youngster mailed the money with a note saying he was very sorry.

Money is tossed into the Crandon Park Zoo's alligator pit by visitors who want to contribute towards purchase of new animals. Attendants pick it up periodically.

Colorado to Spray For Grasshoppers

DENVER (AP)—Nine airplanes will fly over nine million acres of eastern Colorado today, spraying poison over grasshoppers infesting crops and pasture land.

A bigger effort to save the wheat crop valued at 110 million dollars will be made Thursday. Farmers have appealed for federal aid.

The hopper invasion is critical in six counties and almost as serious in 11 others. The insects, numbering as many as 400 per square yard, must be killed by June 15, state officials said, or the wheat crop will be destroyed.

Faubus Policy on A&M in Few Days

LITTLE ROCK (AP)—A delegation from Monticello expects Gov. Orval Faubus to issue a statement within 10 days on a reported move to oust Horace Thompson as president of Arkansas A&M College.

Mrs. George White, secretary of the college alumni association, said yesterday the governor made that promise to the 20-member delegation. The group met with Faubus here.

Mrs. White said the delegation asked Faubus to settle the controversy. She declined to comment on a report that the delegation wants Thompson guaranteed a 3-year contract. His contract now is for one year.

College officials have declined comment on reports that Thompson's ouster was sought.

Tigers Do Good for New Manager - Win Twin Bill

By THE ASSOCIATED PRESS

Bill Norman had a pretty simple plan for arousing the Detroit Tigers in his managerial debut. "This is to good a club to be lost," he told 'em. So they went out and jumped clear of the American League cellar by sweeping a doubleheader at Boston, where they hadn't won since last year.

The Tigers came alive with 13 hits in each half of the afternoon-night pair. Frank Lary ended the Red Sox winning string at six with a five-hit shutout, 7-0. Then Billy Martin hit two home runs in one game for the first time in the majors for a 9-3 success Wednesday night.

The first place New York Yankees upped their lead to 8 games against the Tigers by sweeping over second place Kansas City. Don Larsen won his ninth in a row over two seasons in the openers and once-beaten Bob Turley became the first to win 10 in the majors in the nightcap.

Washington plunked the Chicago White Sox into the cellar, 5-2, and Baltimore rapped Cleveland 7-4. Frank Malone had six of Boston's 13 hits for the day, including three doubles. He was 4-for-4 in the second game.

Brooks Robinson drove in three runs with two singles for the Orioles, who batted it with five runs in the fourth. Milt Pappas won his third but tied and left after six innings. Dick Tompane (2-3) was the loser.

Russ Kemmerer (3-3) beat the White Sox with a six-hitter, retiring the last 14 in order as the Senators took fourth place. Three runs in the second did it against Bill Fischer (2-3), with Neil Chris-

ley's triple scoring a pair.

The Yankees clubbed 14 hits in the opener, including Tony Kubek's first homer and Yogi Berra's ninth, then won the second game when reliever Virgil Trucks walked four men and forced a run home in the ninth with two out. Turley had a two-hit shutout for seven in a nightcap duel with Ralph Terry, whose scoreless string ended at 10 innings when the Yankees scored in the seventh.

Three Games Played Here Last Night

Three games were played last night at K-Park and three more are scheduled for tonight and two will be played Friday night.

The Lions of the Little League lost to Midwest 7 to 3. In the softball league, Moore Bros. suffered a shutout at the hands of Citizens Bank, 2-0 and Anthony's downed the Star team 5-1.

Thursday night: Pop Kola vs. CBC - Sevier and Hanley, Coleman vs. Owens - Taylor and McDowell.

Friday: First Nat'l vs. Hope Builders-Servier and Rogers, Hope Auto vs. Hope Basketball - Sevier and Taylor.

Dodgers Start Looking Like The Old Bunch

By THE ASSOCIATED PRESS

Those Dodgers at last look like Dodgers. A batter gets tossed out of the game for jawin' at the plate, a runner scores from second on a two-run sacrifice fly and on a two-run sacrifice fly and Don Drysdale, their young ace, finally has a complete game victory to go with eight defeats.

Except for being in last place, things are almost normal.

Drysdale, the 21-year-old right-hander, went all the way for a 7-4 victory over the Phils Wednesday night, giving up nine hits, but striking out six and allowing only two earned runs.

Milwaukee, meanwhile, regained the National League lead as the Braves ended their longest losing streak since 1956 at 5 games with a 10-7 victory over the Chicago Cubs. San Francisco slipped to second, 805 percentage points behind, as the Pittsburgh Pirates, bred in on Frank Thomas' seven runs batted in for a 14-6 victory and the Giants' fourth loss in a row.

The St. Louis Cardinals (no. 7) third, three games behind, with a 3-2, 12-inning victory over Cincinnati.

A four-run third inning did the job for Drysdale, now 3-8, and the Dodgers, once more just a half-game behind the seventh place Phils. The two-run sacrifice fly was a 420-foot smack by Carl Furillo with the bases loaded. Richie Ashburn look it over his shoulder in center field, but by the time he got back within sight of the plate, Powee Reese was across it after a dash from second base.

Ken Boyer's leadoff 11th homer won it for the Cards in the 12th.

Thomas celebrated his 29th birthday by taking the home run lead with a pair, one a grand slam, and also gaining the RBI lead. His second homer, No. 19, was his second career-long shot in the majors, both off the Giants (the first was April 23, 1953), and gave the Pirates a 10-2 lead in the second inning. Yogi Berra won his sixth with relief help while (Ruben Guter) lost his seventh.

The Braves blew a 5-0 lead, but pulled it with three in the seventh off losing reliever Don Elston (.64). Unbeaten Ernie Johnson won his third in relief Joe Adcock hit his sixth grand slam home run in the Braves' first Andy Pate to drive in three runs for Milwaukee, knocking home the tie breaker in the seventh.

Giardello Decisions German

WASHINGTON (AP)—Giardello and Washington society have met, but odds are steep that they'll never really be chummy.

Joey, the Philadelphia middleweight, made his bow before the capital's elite on the Shoreham Hotel terrace Wednesday night.

Phan Suina, the German weightlifter who now fights for a living, appeared with Joey.

After 10 rounds of fist throwing Giardello had won his 77th victory and his third decision over Suina.

The black tie and evening gown audience boomed the verdict as judges Harry Volkman (99-92) and Charley Buck (97-94) voted for Giardello and referee Charley Reynolds viewed it as a standoff (92-92). The Associated Press agreed with the judges (99-93).

For many of the 550 socialites, diplomats, Congress members and government officials, the national (television) charity match between the two 160-pounders was their first exposure to the gentlemanly art of self-defense.

Jack of noise was one of the things that didn't suit Giardello. "They held themselves back," he said afterward. "It wasn't like a real fight. It was just different."

Big Brothers of America really won it big, acquiring an estimated \$20,000 from the benefit affair.

Three Arkansans Drown in Gulf

GULF SHORES, Ala. (AP)—Three members of a Pine Bluff, Ark., family drowned in the Gulf of Mexico here yesterday.

A tragic underwater caught Truell A. Johnson, 41, and his wife, Lillian, as they tried to save their 12-year-old son, Leland. The boy had been caught in the undertow a short distance from shore.

Another son of the Johnsons, Raymond, 14, stood by helplessly. Raymond attempted to reach the three but was forced back by vicious breakers.

The bodies were recovered several hours later.

The Johnsons were vacationing here. Their oldest son, Griffin, 18, remained in Pine Bluff.

SEARCH, Ark. (AP)—The North Arkansas Methodist Conference, nearing the end of its 123rd annual meeting, will ordain new deacons and elders tonight.

Other events today include the annual Hendrix College dinner. The Methodists will close the session tomorrow when Bishop Paul E. Martin of Little Rock reads appointments of ministers for next year.

Yesterday, the conference adopted a report calling for a stronger United Nations and voted to hold next year's meeting at Fort Smith.

The report on the conference's committee on world peace, Dr. H. W. J. Dinsdale, pastor of Salem Methodist Church, read the report and labeled the U.N. "the best political hope for world peace" that exists.

The organization should be given more power to carry out a program "that will serve as a foundation for a just and lasting peace," the report said.

The Arkansas Press Association, formed in 1878, is one of the oldest organizations of its kind in the nation.

DeGaulle Blunt In Answer to Algeria Group

By JOSEPH DYNAN

PARIS (AP)—Premier de Gaulle bluntly told the defiant insurgents in Algeria today to quit interfering in government, and slapped down his military commander there.

De Gaulle sent off a sharp note to his military commander in Algeria, Gen. Raoul Salan, after a Cabinet meeting devoted mainly to foreign affairs.

A Cabinet spokesman said one decision was to invite Secretary of State Dulles to Paris to confer with De Gaulle next month.

In Washington, diplomatic sources reported such an invitation had been forwarded to Dulles.

De Gaulle's most immediate problem was to restore his authority over the troublesome territory of Algeria.

De Gaulle replied sharply to a resolution by the All-Algeria Committee of Public Safety Tuesday opposing his plan for local elections in Algeria and condemning parliamentary government in France.

He criticized Salan for letting his name be used as approving the committee action, even though Salan later disavowed the resolution.

The French Cabinet heard De Gaulle's foreign minister, Maurice Couve de Murville, outline the government's position on a summit conference, one of the topics to be brought up when Dulles comes to Paris to see De Gaulle.

Informed diplomatic sources said the talks might be extended to include British Prime Minister Macmillan and German Chancellor Konrad Adenauer.

The Dulles meeting has been tentatively set for July 5. A favorable response to the invitation is expected from the United States.

The announcement came at the

Believes Amendment Will Be Approved

LITTLE ROCK (AP)—Gov. Orval Faubus today predicted the adoption of a proposed constitutional amendment that would close any Arkansas school which a court ordered to be integrated.

The amendment was drawn up by Jim Johnson, a Crosscut, Ark., attorney who was defeated by Faubus in the 1956 gubernatorial campaign.

Petitions now are being circulated to get the amendment on the November general election ballot.

Faubus first told newsmen that he thought enough signatures would be obtained to get the proposal before the voters. Then he predicted that it would be adopted.

"Is that for quotation or are you just giving your private opinion?" a newsmen asked.

Faubus replied: "No, you can quote me on that."

But the governor declined to say whether he would support the amendment himself.

The proposal also would permit the sale of any school which a court ordered to be integrated.

Of the Arkansas Intelligencer, a newspaper established at Van Buren in 1842, the editor once said that "It goes east from a point further west than was ever before published in these United States."

end of De Gaulle's first full-scale cabinet meeting on foreign affairs.

Since taking office, De Gaulle has made diplomatic feelers for talks with the Western Powers. These would be a prelude to any possible summit conference with the Soviet Union.

De Gaulle was reported determined to overcome defiance by the Algerian insurgent junta and hold local elections in Algeria next month.
